%awareness.mail%	<p>Dear John Doe,</p> <p>We sent an email to a number of employees this morning. The goal of this email was to test the behaviour of our employees upon receipt of a 'phishing email.' A phishing email is one that may look proper and official (but isn't) and requests that the user do something or give information. It seems that you did not spot the scam.</p> <p>Only working together can we keep our IT security at a high level. If you want to improve your know-how in detecting phishing attacks, visit our short training <a href="#">here</a>.</p> <p>Kind Regards, Your Name Your company</p>
