

Pinned campaigns

"Pinned campaigns" are used to group different campaigns within a view, similar to browser favorites. As soon as you have activated the checkbox "pinned" within the campaign, the campaign will appear on the dashboard within the according frame.

Create a pinned campaign within the campaign settings

Select "pinned" within the campaign settings

The screenshot shows the 'Conditional Awareness' campaign settings page. The page is divided into several sections: Results, Configuration, Advanced Settings, and Logs. The 'Pinned' checkbox is located in the 'Advanced Settings' section, under the 'User Settings' tab. It is currently checked and highlighted with a red box. The 'Save' button is located below the 'Pinned' checkbox.

Name: Conditional Awareness

Client: Lucy Test

Industry: N/A

Notes

Enduser Profiles Enabled

User Profile Page Link: IP address

Email Tracking

Antivirus/Firewall Protection Interval: off

Allow Awareness Rescheduling

Ignore repeated answers in Awareness

After I stop the campaign, send me a report to: oliver@muenchow.ch

☒ Pinned

Save

Your campaign is now within the pinned frame visible.

The screenshot shows the 'Campaigns' dashboard. At the top, there are buttons for '+ New', 'Export', 'Select', and 'Actions'. The 'Select' dropdown is open, showing 'All' and 'Pinned' options. On the left, a sidebar shows a 'Pinned' folder. The main table lists campaigns. The first campaign, 'Conditional Awareness', is highlighted with a red box. Below the table, there are filters for 'Type', 'Status', 'Client', and 'Benchmark Sector'. At the bottom, there is a pagination control showing '1' of 100 items.

Campaign	Type	Status	Recipients	Started	Stopped	Sent	Clicked	Success
Conditional Awareness			12	15.11.2018	-	12	1	1
Not pinned			0	-	-	0	0	0

Create a pinned campaign on the dashboard

You may move a campaign to the pinned campaign folder by clicking the according symbol (2). See this (1) button to disable the setting:

The screenshot shows the 'Campaigns' dashboard with a list of campaigns. The 'Pinned' folder is selected. The table lists campaigns with columns for Campaign, Type, Status, Recipients, Started, Stopped, Sent, Clicked, and Success. The 'SMSHING TEST' and 'Max1' campaigns are highlighted with red boxes and labeled with '1'. The 'LHCF' campaign is highlighted with a red box and labeled with '2'. Below the table, there are filters for 'Type', 'Status', 'Client', and 'Benchmark Sector'.

Campaign	Type	Status	Recipients	Started	Stopped	Sent	Clicked	Success
SMSHING TEST			2	09.11.2018	09.11.2018	2	0	0
Max1			3	09.11.2018	13.11.2018	3	1	1
LHCF			3	01.11.2018	05.11.2018	2	1	0
Test			1	01.11.2018	13.11.2018	1	0	0
Awareness Only			0	-	21.10.2018	0	0	0
MWFT			1	18.10.2018	21.10.2018	1	0	0
File Based Attack			3	01.10.2018	21.10.2018	2	1	1
Login & Malware Simulation			3	13.11.2018	13.11.2018	3	1	1
