

LUCY < 3.2

In LUCY < 3.2 you can see the detailed quiz stats within statistics/recipients. You need to click on the according user and then scroll to the bottom where you will find a navigation item called quiz results. Click on that link to see the detailed results.

The screenshot shows the LUCY interface. On the left is a navigation menu with 'Recipients' highlighted. The main area displays a table of quiz results for a user named 'Oliver'. Below the table, a 'Quiz Results' section is highlighted with a red box, showing a list of quiz items and their completion times.
