

E-Mail Scanning Feature (E-Mail Spider)

Under the recipient tab you find an option to scan for mail addresses on the internet.

Recipients
Edit Group Name
Import
Scan

The collected results may differ from what you see in the search results.

Domain

☐ Crawler
☐ Yahoo
☐ Lixam
☐ Wotbox
☐ Yandex
☐ Bing
☐ Public Key Servers
☐ Additional Sources
☐ Paid Sources

▶ Start

We use different sources to search email addresses.
