

- Issue: Outdated SSL certificate. Browsers show a warning message when opening websites with such certificates. It's recommended to generate a new certificate for this scenario. Please visit the chapter [Create a Certificate within a Campaign](#) for more info.
- Issue: Certificate is self-signed. Browsers show a warning when opening websites with self-signed certificates. It's recommended to use a trusted certificate signed by Certificate Authority to make victims less suspicious. Please visit the chapter [Create a Certificate within a Campaign](#) for more info.
