- Stop all campaigns manually

CAMPAIGN SPECIFIC TROUBLESHOOTING: MAIL ISSUES

- I started my campaign - but no mails get send and I see no error
- E-Mails do not arrive
- LUCY says "mail test failed" when I start a campaign
- Mails may arrive delayed
- Mail communication issues - Mails do not get send at all
- Not all mails are send after a campaign is started

CAMPAIGN SPECIFIC TROUBLESHOOTING: ACCESSIBILITY ISSUES

- I cannot reach LUCY Web gui
- I changed the admin port for the user interface but my firewall blocks access to that port
- I can reach LUCY via HTTP/S - but I only see the pink LUCY 404 not found page

CAMPAIGN SPECIFIC TROUBLESHOOTING: ISSUES WITH LINKS AND STATISTICS

- [The clients browser statistics are not accurate \(e.g. shows IE instead of safari\)](#)
- [I see way more page views in the statistics than send out mails](#)
- [The statistics show that all links get "clicked" within first minutes](#)
- [The link in the campaign does not work anymore](#)
- [It takes me automatically to the "authenticated" account page when I click on the URL in the mail](#)
- [Links in mails in my company cannot be opened](#)
- [Lucy cannot see any data from users that clicked on the executable](#)
- [Collected Data got corrupted after update to 4.x](#)

CAMPAIGN SPECIFIC TROUBLESHOOTING: ISSUES WITH RECIPIENTS

- [Recipient Import and Syntax Issues](#)
- [I updated the recipient group used in a campaign - but new mails are not being processed in the campaign](#)
- [I want to add a few extra mails into a running campaign](#)
