

In order to be able to start a USB attack you need to:

- a) create a [new campaign](#) that has no other scenarios associated than the USB scenario b) create a recipient group that contains only USB sticks (it must not have regular users). The group should look something similar to the following example:

Home / Recipients / New Group

New Group

Name

USB

☒ USB Attack ⓘ

Number of USB Sticks

4

Save

Home / Recipients / USB

USB

+ New Recipient

Recipients

Edit Group Name

Name	
USB Stick 1	✕
USB Stick 2	✕
USB Stick 3	✕
USB Stick 4	✕
